The workshops will take place in two different buildings: GG 80-82 and GG 76. Lunches, coffee/tea breaks and the plenary session (with award ceremony) will all take place in the Turnzaal. Thursday evening, the food-truck dinner with cocktails and party will take place at the Turnzaal and the adjoining FASoS garden.

Programme

The main academic work is conducted in thematic workshops that run throughout four sessions (two on Thursday afternoon, June 13th, and two on Friday morning, June 14th). We'll provide lunch, coffee, tea, and water both on Thursday and Friday. To continuously have access to water also during the sessions of the workshops it would be good if conference participants could bring a water bottle which can be refilled.

On Thursday evening, the plenary session will take place in the Turnzaal. We will kick off the plenary event at 17:15 with a welcome address, followed by the award ceremony for the Daniel Heisius and Els Witte prizes for the best master's and PhD dissertations in Political Science, respectively. We continue with a roundtable discussion on the results of the elections to the European Parliament with keynote speakers Prof. Dr. Theresa Kuhn (University of Amsterdam), Prof. Dr. Bert Crum (Free University of Amsterdam) and Didrik de Schaetzen (Secretary General- ALDE Party).
